SUMMARY

Enthusiastic and detail-oriented IT professional with hands-on exposure to web development, software development concepts, and database management through internships and academic projects. Eager to apply technical skills, learn new technologies, and contribute effectively in a professional environment.

EXPERIENCE

Java Full Stack Intern | Java Full Stack Training Program | January 2026 – May 2026

- Built REST APIs using Spring Boot, MySQL, JWT and React.js frontend components.
- Contributed to AI Defect Tracker and worked with Git workflows.

Web Development Intern | Euclid Technologies | 2025

- Developed reusable React UI components and responsive layouts.
- Implemented mobile-first designs and supported live deployments.

PROJECTS

NovaCart – MERN E-Commerce Platform [React.js, Node.js, Express.js, MongoDB, JWT]

[GitHub](#) | [Live Demo](#)

- Built as part of MERN stack practice with focus on real-world application development.
- Developed frontend UI components for better user experience.
- Gained exposure to authentication, database integration, and REST APIs.

Expense Tracker App [React.js, Spring Boot, Java, MySQL]

[GitHub](#) | [Demo Video](#)

- Built a full-stack expense tracker using Spring Boot, MySQL, and React.js.
- Developed APIs and UI for managing transactions and balance tracking.

FindIt – Lost & Found Platform [React.js, Tailwind CSS / CSS, JavaScript]

[GitHub](#) | [Live Demo](#)

- Built a responsive Lost & Found UI using React.js with clean, mobile-first design
- Designed intuitive pages for reporting and searching items using reusable components
- Integrated backend APIs for dynamic data handling and smooth user experience

EDUCATION

M.Sc Information Technology | Ultra College, Madurai | 2025 – Present

B.Sc Computer Science | The American College, Madurai | 2022 – 2025

SKILLS

- Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap
- Backend: Spring Boot(basic), REST APIs, JWT Authentication
- Database: MySQL, MongoDB
- Languages: Java(basic), JavaScript, HTML5, CSS3
- Concepts: Version Control, Responsive Design
- Tools: Git, GitHub, Postman, VS Code, Eclipse, Vercel, MongoDB Compass

CERTIFICATIONS & TRAINING

- Java Full Stack Internship – Jan 2026 – May 2026
- Web Development Internship – Euclid Technologies (2025)
- Full Stack Development Training – Shikshaa Simple Learn Institute (2025)
